TERMS OF SERVICE

Updated at August 9th, 2026

Welcome to General Dynamics INT. These Terms of Service explain the rules that apply when you visit our website or use our advisory services. Please read them carefully — they include important information about what we do (and what we don't do), your responsibilities, and the limits of our liability.

In short: we are an education consultancy. We advise and guide you — every application is prepared and submitted by you, and every decision is made by the relevant institution or authority.

Definitions and key terms

To help explain things as clearly as possible in these Terms of Service, every time any of these terms are referenced, they are strictly defined as:

- Company: when these Terms mention "Company," "we," "us," or "our," it refers to General Dynamics INT, (71-75 Shelton Street, Covent Garden, London, England, WC2H 9JQ), that is responsible for your use of the Service under these Terms.
- Country: where General Dynamics INT or the owners/founders of General Dynamics INT are based, in this case is United Kingdom.
- Customer: refers to the person — typically a student or a member of their family — or the organization that engages General Dynamics INT to receive advisory and consulting services.
- Device: any internet connected device such as a phone, tablet, computer or any other device that can be used to visit General Dynamics INT and use the services.
- Service: refers to the advisory and consulting services provided by General Dynamics INT as described on this platform, together with our website and its content.
- Website: General Dynamics INT's site, which can be accessed via this URL: www.gdedu.co.uk
- You: a person or entity that uses the Website or engages General Dynamics INT to receive the Services.

Acceptance of these Terms

These Terms of Service ("Terms") govern your access to and use of the website www.gdedu.co.uk and the advisory services provided by General Dynamics INT. By accessing or using our Service, you confirm that you have read, understood, and agree to be bound by these Terms. Our Privacy Notice explains how we use your personal data; it is information, not a contract you agree to. If you do not agree with these Terms, you should not use the Service.

If you are under 18 years of age, you may use the Service only with the involvement and consent of a parent or legal guardian. By providing information to us on behalf of someone else (for example, your child), you confirm that you are authorized to do so.

Our Services — We Advise, You Apply

General Dynamics INT is an education consultancy. We provide advice, guidance, and educational information to students and families who are considering studying in the United Kingdom, Ireland, Australia, and other destinations. Our Services include, for example, advice on choosing universities and courses, general information about the application process (such as UCAS), guidance on preparing your own application materials, and general information about student finance options.

We are an advisory service only. We do not prepare, complete, submit, file, process, track, or manage applications of any kind on your behalf, and we do not act as your agent or representative before any university, college, UCAS, government department, or other authority. All applications — including university, college, accommodation, student finance, visa or immigration, and any other application — are prepared and submitted by you. Any decision on an application is made exclusively by the relevant university, college, institution, or public authority, and never by General Dynamics INT.

Our advice is based on the information you provide to us and on publicly available information from official sources, which may change at any time. You are responsible for verifying current requirements, deadlines, and conditions directly with the relevant institution or authority before acting.

Important notice about visa and immigration information

Any information we share about visas or immigration is general, publicly available information only. It is not immigration advice. General Dynamics INT is not regulated by the Immigration Advice Authority (formerly OISC) and does not provide immigration advice or immigration services within the meaning of the Immigration and Asylum Act 1999. We will never complete, submit, or manage a visa or immigration application for you.

For advice about your personal immigration situation, you should consult the official guidance published by the relevant government authority (for example, UK Visas and Immigration) or seek advice from an appropriately qualified and regulated immigration adviser.

Your responsibilities

When using our Service, you agree to:

- Provide information that is true, accurate, current, and complete, and keep it updated;
- Use the Service only for lawful purposes and in accordance with these Terms;
- Meet the deadlines, requirements, and conditions set by the institutions and authorities you apply to — these are your responsibility, not ours;
- Review all application materials yourself before you submit them, since every application is submitted by you;

- Never share your UCAS, university portal, student finance, or government account credentials with us — we will never ask for them, and we do not log in to, complete, or submit applications through any account of yours;
- Keep any account credentials or booking details confidential and notify us of any unauthorized use.

Fees and payments

Some of our Services are provided free of charge. Where a Service is paid, the fee will be communicated to you clearly before you commit to purchase, in pounds sterling (GBP) unless stated otherwise. Fees are for our advisory time and expertise; they are not application fees, tuition fees, or payments to any institution or authority, which you pay directly to the relevant third party.

We invoice for paid services and you pay by bank transfer. We do not take card payments through the website and we never see or store card details.

If you are a consumer and you enter into a contract with us at a distance (for example, online or by phone), you have the right to cancel that contract within 14 days without giving any reason, in accordance with the Consumer Contracts (Information, Cancellation and Additional Charges) Regulations 2013. To cancel, tell us clearly within those 14 days — by email to hr@generaldynamics.org.uk or by post to 71-75 Shelton Street, Covent Garden, London, England, WC2H 9JQ — and we will provide a model cancellation form on request. If you ask us to start providing services during the cancellation period and then cancel, you will pay only a proportionate amount for the services already supplied. For paid digital content (such as a paid e-book or downloadable guide), you lose the right to cancel only once the download has begun, and only if you expressly consented to immediate supply and acknowledged losing the cancellation right. Nothing in these Terms affects your statutory rights.

Free offers and promotions

From time to time we may offer promotional items free of charge — for example, a free eligibility check against published university entry requirements, or a free downloadable guide. Promotional offers have no cash value, may be limited in scope or duration, and may be modified or withdrawn at any time without notice. Where we display a reference price for a promotional item, it is the standard price at which we offer the same service or product when it is not part of a promotion.

No guarantee of outcomes

Admission, scholarship, funding, accommodation, and visa decisions are made solely by universities, colleges, funding bodies, and public authorities. General Dynamics INT does not and cannot guarantee any particular outcome, including but not limited to:

- Admission to any university, college, course, or program;
- The award of any scholarship, bursary, loan, or other funding;
- The grant of any visa or immigration permission;
- The availability of any accommodation, course place, or intake date.

Testimonials and past client outcomes shown on our Website reflect those individuals' own applications and circumstances and are not a promise or prediction of your own outcome.

Intellectual property

The Website and its entire contents — including text, guides, e-books, graphics, logos, images, audio, and software — are owned by General Dynamics INT or its licensors and are protected by copyright, trademark, and other intellectual property laws.

We grant you a limited, non-exclusive, non-transferable licence to access the Website and to download materials we make available to you for your personal, non-commercial use. You may not reproduce, distribute, modify, publicly display, resell, or create derivative works from our content without our prior written consent.

Information you send us and feedback

You retain ownership of the information and documents you share with us. By sharing them, you grant us permission to use them solely to provide the Services to you and as described in our Privacy Notice.

If you send us feedback, suggestions, or reviews, you agree that we may use them to improve and promote our Services without restriction or compensation, provided that any public use is consistent with our Privacy Notice.

Prohibited uses

You agree not to:

- Use the Service in any way that breaches applicable law or regulation, or for any fraudulent or harmful purpose;
- Impersonate any person, or misrepresent your identity or affiliation with any person or organization;
- Submit false, misleading, or fabricated information or documents to us;
- Copy, scrape, data-mine, or harvest content or data from the Website by automated or manual means;
- Interfere with, damage, or disrupt the Website, its servers, or its security features;
- Introduce viruses, malware, or any other technologically harmful material;
- Use our content or branding in a way that suggests endorsement or partnership without our written consent.

Third-party services and links

The Service may display, include, or link to third-party content, websites, or services — including universities, UCAS, government websites, payment providers, and review platforms ("Third-Party Services"). Third-Party Services are governed by their own terms and policies, not by these Terms.

General Dynamics INT does not control and is not responsible for any Third-Party Services, including their accuracy, completeness, timeliness, validity, legality, or quality. You access and use Third-Party Services entirely at your own risk.

Disclaimer

The Website and its content are provided on an “as is” and “as available” basis. To the fullest extent permitted by law, General Dynamics INT excludes all representations, warranties, and conditions relating to the Website and its content, whether express or implied.

Information on the Website — including articles, guides, and e-books — is provided for general information purposes only. It does not constitute legal, financial, immigration, or other professional advice, and it may become out of date. We make reasonable efforts to keep content accurate, but you should always verify important information with the relevant official source before relying on it.

Limitation of liability

Nothing in these Terms excludes or limits our liability for death or personal injury caused by our negligence, for fraud or fraudulent misrepresentation, or for any other liability that cannot be excluded or limited under the law of England and Wales. Nothing in these Terms affects your statutory rights as a consumer.

Subject to the paragraph above:

- We shall not be liable for any loss or damage arising from decisions made by universities, colleges, funding bodies, or public authorities, or from changes to their requirements, deadlines, or policies;
- We shall not be liable for any indirect or consequential loss, loss of profit, or loss of data arising out of or in connection with your use of the Service, other than loss that is a foreseeable result of our failure to use reasonable care and skill;
- Our total aggregate liability to you arising out of or in connection with the Service shall not exceed the total fees you have paid to us under the contract giving rise to the claim, or £100 if you have paid no fees.

Indemnification

You are responsible for losses, claims, and reasonable costs that General Dynamics INT or its personnel suffer from third-party claims, to the extent they are caused by information or documents you deliberately falsified or by your unlawful use of the Service.

Suspension and termination

We may suspend or terminate your access to the Service, in whole or in part, if you materially breach these Terms, if you provide false or fraudulent information, or if we are required to do so by law. Where reasonably possible, we will give you notice and an opportunity to remedy the issue first.

You may stop using the Service at any time. Provisions of these Terms which by their nature should survive termination — including intellectual property, disclaimers, limitation of liability, and indemnification — shall survive.

Changes to these Terms

We may update these Terms from time to time so that they accurately reflect our Service. Unless otherwise required by law, we will notify you of material changes (for example, through our Website) before they take effect. If you continue to use the Service after the updated Terms take effect, you will be bound by the updated Terms. If a change to these Terms materially disadvantages you while we are providing paid services to you, you may end the contract and receive a pro-rata refund of fees for services not yet provided, and changes do not apply retroactively to services already purchased unless required by law. If you do not agree to the updated Terms, you should stop using the Service.

Governing law and jurisdiction

These Terms are governed by the law of England and Wales, without regard to its conflict of laws provisions. The courts of England and Wales shall have jurisdiction over any dispute arising under or in connection with these Terms.

If you are a consumer resident elsewhere, you may also benefit from any mandatory consumer protection provisions of the law of the country in which you live, and nothing in these Terms deprives you of those protections or of your right to bring proceedings in your local courts where the law allows.

General provisions

- Entire agreement. These Terms, together with our Privacy Notice and any written engagement terms we agree with you, constitute the entire agreement between you and General Dynamics INT regarding the Service.
- Severability. If any provision of these Terms is found to be invalid or unenforceable, the remaining provisions shall continue in full force and effect.
- No waiver. Our failure to enforce any right or provision of these Terms shall not be treated as a waiver of that right or provision.
- Assignment. You may not assign or transfer your rights under these Terms without our prior written consent. We may assign our rights and obligations in connection with a reorganization or sale of our business, provided your rights are not reduced.
- Third-party rights. A person who is not a party to these Terms has no rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any of these Terms.
